

Eng-8-292

Program Coordinator Division, Medical Staff
ATTN : [redacted]
Chief, Engineering Division, OC

14 March 1958

PLEASE [redacted] TO
ENGINEERING DIVISION

Status Report of Radiological Survey and Radiation Detection
Instruments [redacted]

1. All Radiological Survey and Radiation Detection
Instruments [redacted] are in operating condition.

2. It now appears that status changes on these instru-
ments will not occur so frequently as to justify continued
monthly reporting. Although the equipment will be checked on
a monthly basis, status reports will be forwarded quarterly in
the future. In the event of sudden significant changes an
interim report will be submitted.

3. The above change has been coordinated with [redacted]
and the [redacted] representative.
